IRISES

(fleur de lis)

One of the most popular flowers grown today, no garden is complete without them.

In the description below, S, stands for standards or upright petals; F, stands for falls or drooping petals. The culture of iris is very simple they grow anywhere and need no fertilizer; a little bit of landlime however will prevent root rot.

A. E. KUNDERED, S, beautiful bronze; F, magneta red, very prolific	\$.35
ALBERT VICTOR, S. true blue; F, medium lavender, fine and large	.20
AUREA, a nice bright yellow, the one you have been looking for	.20

SPECIAL OFFERS

Six hardy plants for the price of five
three, \$.50 peonies for \$1.00
three, \$1.00 peonies for \$2.50

With all orders amounting to \$5.00 or more we will give free of charge six beautiful iris. These irises have red falls and yellow standards, we have lost the name so we are going to give them away.

TERMS, SPECIFICATIONS, ETC.

Cash with order. We can not ship plants C. O. D. for if for any reason they are not accepted they spoil before they come back.

All stock will be shipped by prepaid P. P. in New England, New York and New Jersey. To further points add 10% to your order otherwise we will ship express collect.

All plants are guaranteed true to name. If they prove false return same at once and we will gladly send you the right thing. Though we take great care in filling orders, mistakes sometimes occur. These must be reported within one week after receiving order, otherwise no allowance will be made.
